

DAUD RIO YURDANUS

Samarinda, East Kalimantan, Indonesia | +62 895-1624-7282 | daudrioyurdanus@gmail.com | [linkedin.com/in/daud-yurdanus-503660229](https://www.linkedin.com/in/daud-yurdanus-503660229)

SUMMARY

Information Systems graduate (GPA 3.80/4.00) with hands-on IT Helpdesk Support and end-user troubleshooting experience built through ERP implementation work: remote installs, user access setup, and issue diagnosis for enterprise clients. Certified in IT Customer Support Basics, Kanban, and Scrum fundamentals. Skilled in installing, configuring, and maintaining IT equipment; documenting and escalating technical issues via ticketing workflows; and supporting end users with hardware, software, and basic networking needs. Proactive, detail-oriented, and comfortable working independently or in a team. Ready for the Head Office, Jakarta internship placement.

EDUCATION

Universitas Mulawarman, Faculty of Engineering, Samarinda

Jul 2019 - Expected Sep 2026

Bachelor of Computer Science (S.Kom), Information Systems | GPA: 3.80/4.00

- Thesis: E-OFFICE user satisfaction study using the EUCS method (SPSS, n=70 respondents)
- Thesis defense completed; formal graduation ceremony and diploma issuance expected September 2026
- Set up and tested the projector-to-laptop display connection ahead of the defense. Presentation ran without technical interruption

CERTIFICATIONS

- IT Customer Support Basics - Cisco Networking Academy (August 2026)
- Basic Cyber Security for the Healthcare Sector - Kominfo (2022)
- Kanban Essentials Certified (KEC) - KanbanStudy (August 2026)
- Scrum Fundamentals Certified (SFC) - SCRUMstudy (August 2026)

PROFESSIONAL EXPERIENCE

CV Hanata - Surveying & Mapping Services

Feb 2024 - Jul 2025

Topography Surveyor, Freelance

- Mining-concession and infrastructure sites needed accurate terrain data before engineering work could start. Surveyed the sites over 18 months, mapping geospatial points and contour lines directly in the field. Each site's terrain data was ready before the next planning phase began
- Raw field data wasn't usable for civil engineering planning as collected. Converted it into contour maps and technical reports the engineering team could work from directly
- Coordinate and elevation errors in survey data carry straight into engineering designs downstream. Checked every coordinate point and elevation reading against geodesy and mapping standards before each report went out

PT Hashmicro Solusi Indonesia

Aug 2022 - Dec 2022

Software Implementation Consultant, Intern

- Nine client rollouts, including Motul and Yokohama, each needed core ERP modules configured to different workflows. Configured Sales, Purchase, Inventory, POS, and Accounting modules per client. All nine implementations shipped on schedule
- Jakarta Fruit Market's requirements did not fit the base ERP setup across four modules. Wrote FRD addenda for Purchase, Accounting, POS, and Inventory, plus Change Request documents for other clients. Developers used these documents to close the configuration gaps before go-live
- Modules risked going live with unresolved defects. Built and ran UAT checklists, catching 1-3 defects per module. Escalated each defect to developers the same day, keeping fixes inside the release window
- TheWokPeople needed working HR Training and Vendor Payment Report features before rollout. Tested both and wrote an Accounting Manual Guide for end users. End users received a working feature set plus a reference document at handover
- Clients needed ERP access configured and issues fixed without site visits. Installed systems remotely via TeamViewer and AnyDesk, set up user access accounts, and diagnosed bugs reported during UAT and after go-live. Resolved issues remotely with no travel required

LEADERSHIP EXPERIENCE

Duta Damai Kalimantan Timur

May 2023 - Present

Deputy Secretary

- Documented meeting minutes, activity permits, and event proposals
- Duta Damai Kaltim needed daily coordination without an appointed chair. Led daily meetings and member coordination by organization-wide consensus, a non-structural role with no formal SK. Meetings and coordination stayed on schedule through the term

Student Legislative Body (BLM), Universitas Mulawarman

Jan 2023 - Dec 2023

Chairperson

- Led governance reform for the full student body
- Oversaw BEM budget utilization and transparency

Student Legislative Body (BLM), Universitas Mulawarman

Jan 2022 - Dec 2022

Deputy Chairperson

- Coordinated board members and led BEM performance evaluations

MP-MBKM Community, Universitas Mulawarman

Jan 2022 - Jul 2023

Head of Cadre Development Bureau

- Ran capacity-building programs for a national education initiative

Information System Association (INFORSA)

Jan 2021 - Dec 2021

Head of Public Relations Division

- Directed public communication and external stakeholder liaison

SKILLS & LANGUAGES

IT Equipment Installation, Configuration & Maintenance (SSD upgrade, RJ45 crimping) - IT Helpdesk Support & Technical Troubleshooting - Basic Networking & Operating Systems (Wi-Fi/router setup & troubleshooting) - Ticketing System Management (Odoo Helpdesk, self-taught) - ERP Configuration - Technical Documentation (FRD/CR) - Business Process Mapping & UAT - Quantitative Research & Statistical Testing (SPSS) - MS Office

Languages: Indonesian (Native) | English (Passive / Technical Reading)
